*Switzerland will celebrate its 674th birthday on Sunday, August 1, and we're honoring this venerable date with some special programs. In the afternoon, we'll start with Rossini's opera, "William Tell," (this popular legend is depicted on our cover in the form of an inn sign). In the evening, we'll present the play, "Andorra," by Swiss author Max Frisch; a brief talk by San Francisco's Swiss Consul General, Jean Studer on Switzerland and its history; and appropriate music, including, of course, some yodeling, and music played on the alpenhorns (the ambitious looking instruments shown on this page). All photographs in this issue are through the courtesy of the Swiss Consulate in San Francisco.*
